

- A Learning Outcome (LO) is a statement that defined as what a student should know and/or be able to do as a result of the learning process. It should be **Measurable, Observable, and Specific**.
- An LO statement consists of 3 parts: [**Action verb**] + [**Subject Content**] + [**Level of Achievement (Optional)**]

1. Action Verbs: select a verb that you can observe and measure

Low Order			High Order		
Recall	Examine	Apply	Analyze	Evaluate	Create
Describe	Explain	Complete	Compare	Justify	Plan
Name	Compare	Use	Examine	Assess	Invent
Find	Discuss	Examine	Explain	Prioritize	Compose
List	Predict	Illustrate	Identify	Recommend	Design
Relate	Outline	Classify	Categorize	Rate	Construct
Write	Restate	Solve	Investigate	Inspect	Synthesize
Define	Describe	Demonstrate	Appraise	Defend	Formulate
Tell	Represent	Restructure	Differentiate	Critique	Improve
Reproduce	Identify	Calculate	Infer	Verify	Combine

2. State the Subject content part. This part is what the student is expected to [Action Verb].
3. List the level of achievement or conditions if applicable

- Focus on skills; not description of topics.
- Skills might be Knowledgeable, Subject Specific, Transferable, communication, ..., etc.
